## Mini-grant Application

We understand that organizational policy change isn't always easy.

That's why *Healthy and Active Before 5* will provide a \$500 check to the first 10 *Leadership Council* agencies which pass new healthy policies and provide HAB45 with the documentation outlined, below.

The mini-grant money may be spent on items which either support the implementation your new healthy organizational policy/policies, or support the goals of the *HAB45 Action Plan* in other ways. For instance, you might want to buy reusable water pitchers for your meetings, a comfortable chair for a new breastfeeding space, or perhaps indoor play props appropriate for children age 0-5. You choose what would be most helpful to your agency.

To qualify your agency must pass one or more of our HAB45 2010 policies: 1) *Healthy Beverages for Children*, 2) *Breastfeeding Accommodation* and/or 3) *Healthy Food and Beverage Policy*.

Your application will be reviewed by the *HAB45 Executive Committee*. We will contact you if we have any questions or concerns. All applications must be received by December 15, 2010.
