

Building Blocks for Kids Collaborative
Building Blocks for Kids
Richmond Collaborative

Policy: Movement and Play Policy

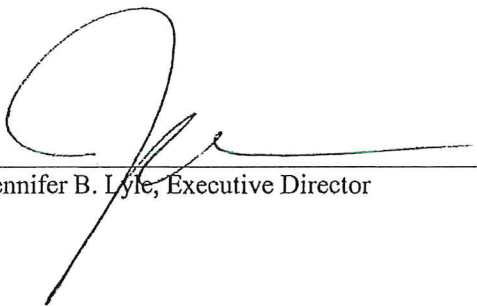

Date: May 31, 2016

Position Statement:

Building Blocks for Kids Collaborative strives to promote health and wellness. We do so, by promoting an atmosphere of movement and play. At all Building Blocks for Kids Collaborative sponsored or coordinated meetings and events, both in the community and at work site, staff will support families and/or clients with children to be active.

Therefore Building Blocks for Kids will:

- **Implement a physical activity plan that is child friendly and promotes fun.**
The plan will be implemented at our Summer Program at Belding Garcia Park where we will increase opportunities for children and families to participate in no-cost physical activities at their local park.
- **Support families and/or clients with children to be active at our agency.**
BBK staff will organize a child friendly physical activity at all meetings that last an hour or more.

Jennifer B. Lyle, Executive Director
